Korean Honorifics Lesson!

Oppa - A friendly way of addressing an older man near your age if you're a girl
Oppa is also used (though not synonymously) by girls addressing their boyfriends

Nim - A formal way of addressing someone typically older and/or more respected than you

Ssi - A formal way of addressing someone you do not know or are unfamiliar with

Nuna - A friendly way of addressing an older woman near your age if you're a guy
Nunim - A more respectful way to say nuna

Hyung - A friendly way of addressing an older man near your age if you're a guy

Unni - A friendly way of addressing an older woman near your age if you're a girl

Ajumma - Older woman typically aged between mid/late 30's ~ early 50s. Calling someone younger than mid 30's this is rather offensive

Ajussi - Older man typically aged between mid/late 30's ~ early 50s. Korean men, especially those in their 30s prefer to be called hyung/oppa by those younger than him rather than Ajusshi

Sunbae - Is used to address senior colleagues or mentor figures e.g. students referring to or addressing more senior students in schools

Hubae - Is used to refer to juniors. However the term is not normally addressed to them directly, and is mainly used in the third person
This is nearly identical in Japanese with Senpai/Kohai honorifics

Naeuri - Was used by commoners in the Joseon Dynasty to refer to people of higher status but below "His Excellency"

Seonsaeng - Commonly translated as "teacher", has much more formality and is used to show respect to the addressee. It is related to the Japanese honorific "sensei" and shares the same pair of Chinese characters representing 'mister' or 'one born earlier' (literal)

It's about time you learn them!

Over 500,000 of the youth are unemployed.
And last winter, I added to that figure
Ah. What should I do?
I shouldn't have deposited so much...

Since it's winter, I need to buy a heater and pay for Hoppi's food...

I don't want to go back home...
Because they're just going to give me an earful about getting married.

Then again,

It's not like I have something that I really want to do though.

I lived my life each day, doing what I was told without actually having something that I wanted to do.

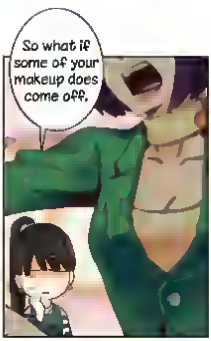
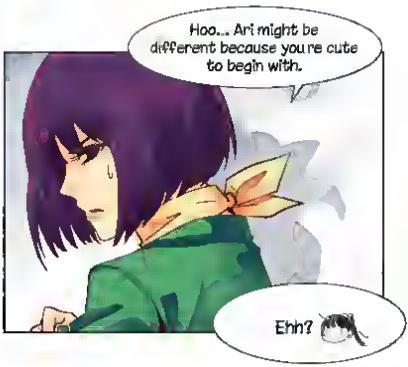
You should clean around here. There are too much hairs floating about.
I'm covered in hairs
You should've been prepared for that if you were going to hide in a dog house.
Boo hoo. I don't like that person. the smell of her makeup is overwhelming
What is going on between you two? Did something happen?
We were just doing a Cleansing Man play.
I was playing the makeup monster
What?
The cleaning tissues that he was carrying are some fearsome foe.
It has the frightening effect of removing all make up from your face.
Please, talking about a cleansing product as a weapon?

Soo Ho is Soo Ho, but you...
Wow, you're covered in makeup. We should wash you again.
Well it could've been a joke for Soo Ho,

BUT I WAS DESPERATE ENOUGH JUMP IN A DOG HOUSE AND GET BITTEN BY A DOG!
AND SO SHE WAS ABLE TO KEEP HER FACE HIDDEN.



So what if some of your makeup does come off.

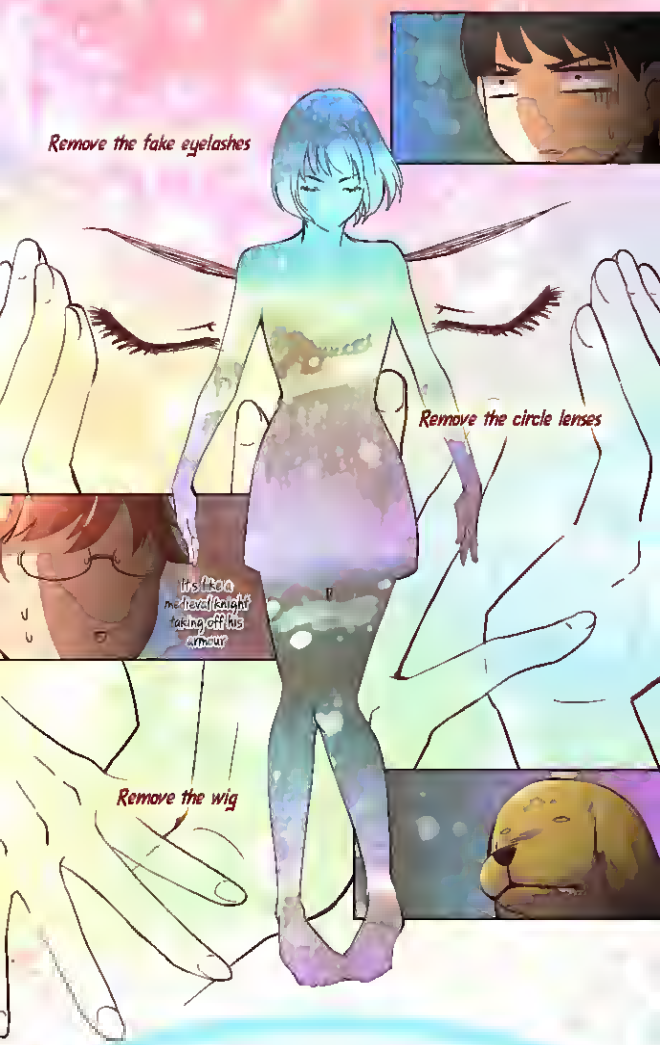


Hoo... Ari might be different because you're cute to begin with.
Ehh?

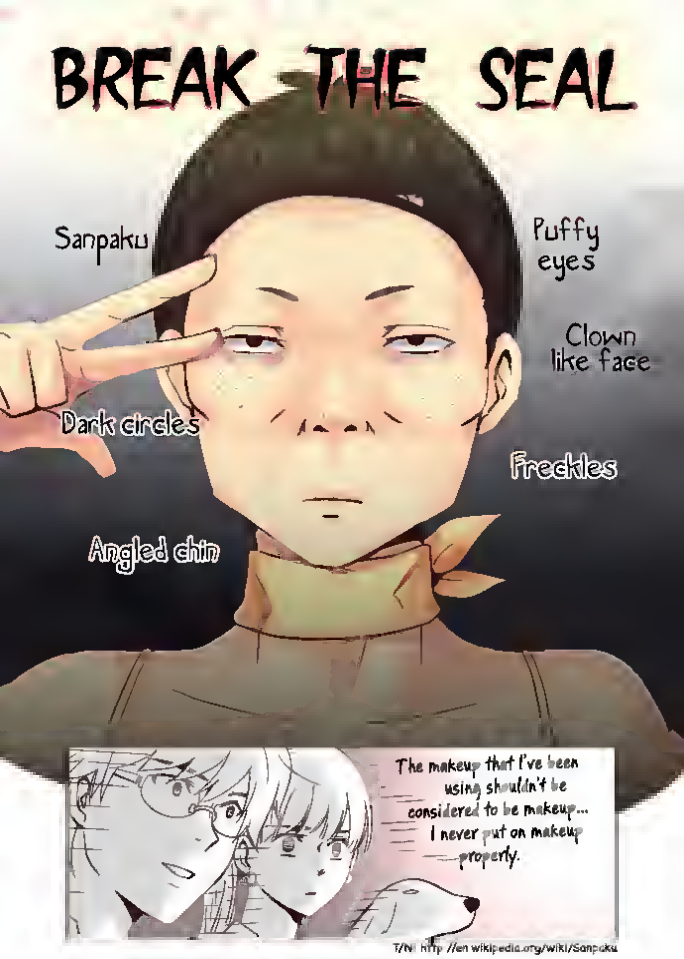
Well, if it's two people then it should be alright...

I'll show you my true self.

Remove the makeup with the cleansing tissue

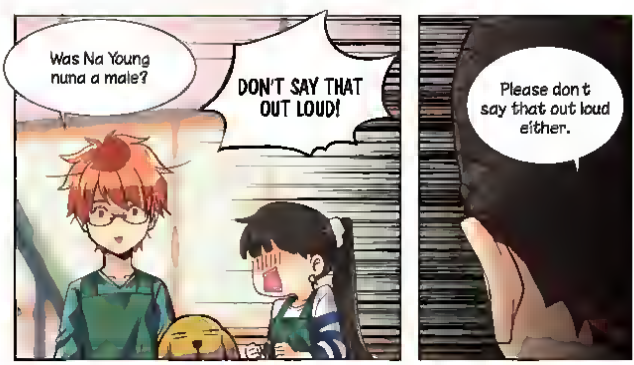


Oh my plain face that carries the power of the darkness. Show your true self before them.



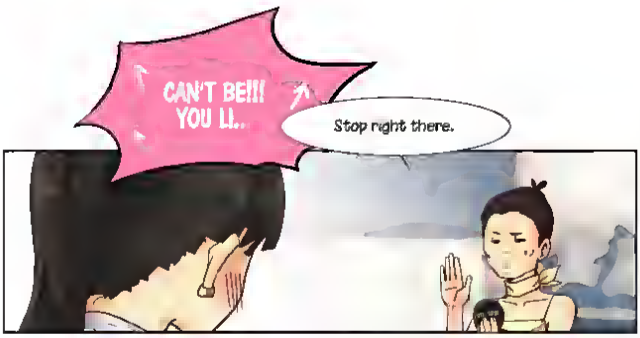
To those who think that the webtoon is exaggerating,

You will be able to tell if the webtoon really is exaggerated or if Miss Kim's face is exaggerated.

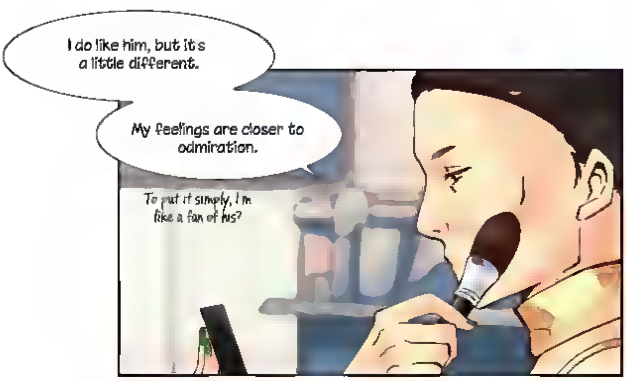


But if you show your face to Soo Ho once, then you can cut back on the makeup can't you?
There are people to whom I don't mind showing my plain face, but there are also people to whom I don't want to show it.
And Soo Ho is someone to whom I never wont to show my plain face.

Why not? You've known Soo Ho for longer than you've known...
Wait! Ah! Ah!



CAN'T BE!!! YOU LI..
Stop right there.



I do like him, but it's a little different.
My feelings are closer to admiration.
To put it simply, I'm like a fan of his?

Hmm? Now that you mention it, Soo Ho is a singer, isn't he?
I always forget, because I've only seen him playing around.
Where did all this make up come from.
"Guardian" is an indie band and it's not the type many people whould listen to...
unless you are looking for such music.

But I believe that it won't be long until the world recognises his talent

Helping him to see that day would make me very happy and that might be what you call...

It would also be easier for me to ignore it.

It was a sunny day

The scary Nunim was in a very good mood after she had received a present from the man she loved.

Then suddenly, a stupid flasher..

SFX: FLASH

The Nunim who was now pissed, quietly unwrapped the present from her beloved boyfriend and...

SFX. BITE

Inside...

Were swords

Because Nunim had been a national representative in fencing.
He probably offered them as a donation though.

After a long chase, the flasher quickly handed himself into a police station.

And so, this incident was then referred to as the Self-Surrendering Flasher

SFX. SCRATCH X2

The worst came after that...

Being still pissed off about the incident, the Scary Nunim vented off her anger at her underlings.

SFX. KICK

And so her underlings started to weed out the flashers

Burned their coats and buried the flashers into the ground.
This event was called the second

Burning of Books and Burying of Scholars— a phrase that refers to a purported policy and a sequence of events in the Qin Dynasty of Ancient China.

SFX: BURN

And since then, all of the flashers died out, and this neighbourhood has been flasher-free.

It doesn't seem real
Why would I make up such a lie?

Ah! I nearly forgot.

What's your name, Ahjussi?
Don't call me ahjussi! I'm only 30!
I'm younger than the average age in idol group SH you know?

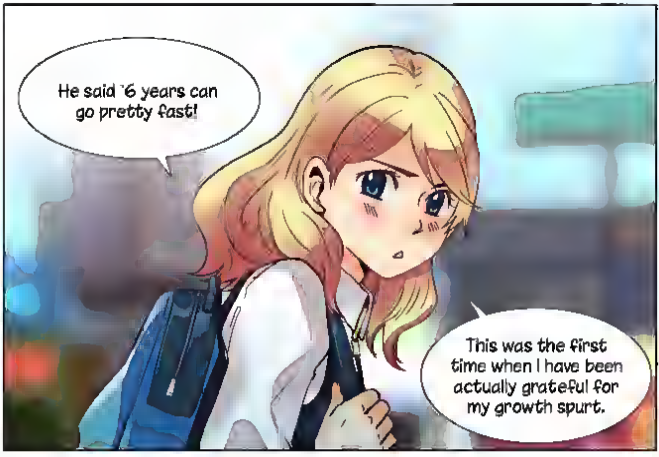
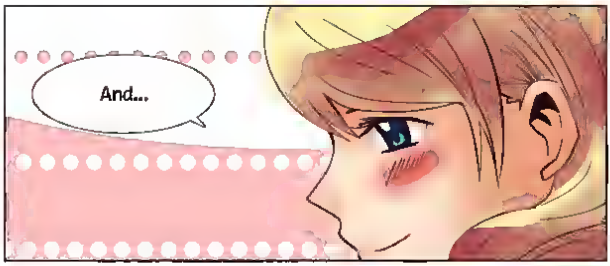
But it felt like he was going to treat me like a kid if I wasn't at least that old.
Did he believe you?
I was wearing make-up...
And these days, people look younger than they actually are.



He said '6 years can go pretty fast!
This was the first time when I have been actually grateful for my growth spurt.

Wow... but a 30 year old ahjussi and a middle schooler... It's a crime.
Why~ even girl groups these days start when they're only in middle schools.
But I never knew that you were into middle aged men.
No no, if you have a look at him, he's great. He's tall and handsome.
I guess girls like you don't consider a thirty year old as an ahjussi.



I love him so much, I can't help it.

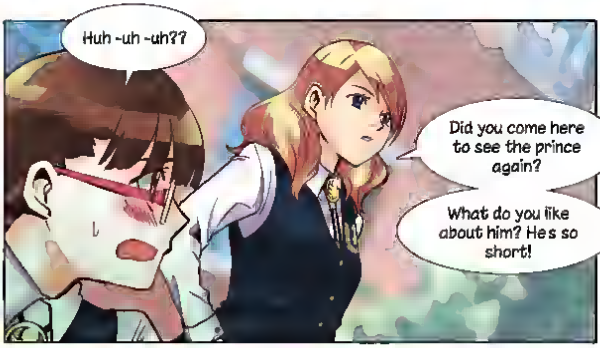
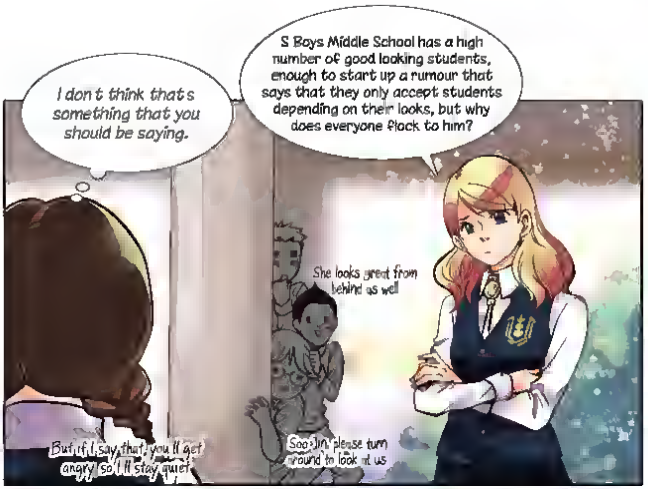
Shush! You shouldn't ask those things.
Ah~ a prince!

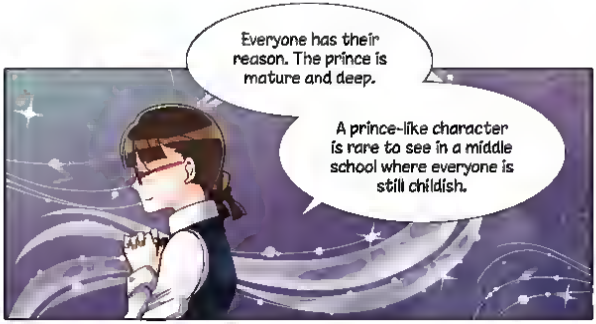
SFX. BA-THUMP X2



Don't say that! Boys grow taller quickly when they enter high school.
It doesn't change the fact that he's short now though.
And if he's going to read a book, what's he doing out in this dusty field?
He's probably enjoying the bunch of girls squealing at him.
I still can't see why that stuck up prince is seen to be attractive even if he has a pretty face.
Well...



S Boys Middle School has a high number of good looking students, enough to start up a rumour that says that they only accept students depending on their looks, but why does everyone flock to him?
I don't think that's something that you should be saying.
She looks great from behind as well
But if I say that, you'll get angry, so I'll stay quiet.
Soo-Jin, please turn around to look at us



Everyone has their reason. The prince is mature and deep.
A prince-like character is rare to see in a middle school where everyone is still childish.

What are you saying?
Look, look. Most middle school guys aren't used to girls and act like that.
Get out of my way.
Fatties!
WHAT IS HE SAYING?!
HOW ANNOYING!

Well sometimes, that type of a guy is popular, too...

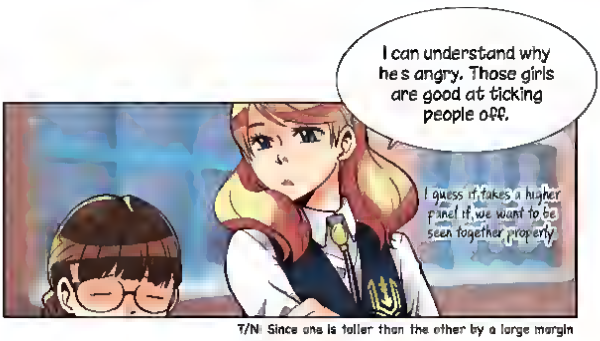
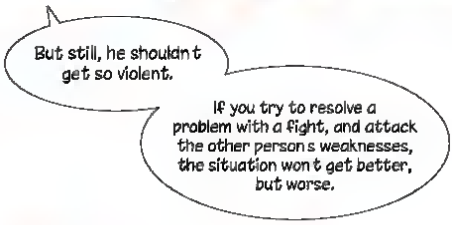
SFX. KYAA- KYAA-



I can understand why he's angry. Those girls are good at ticking people off.
I guess it takes a higher rank if we want to be seen together properly.

T/N: Since one is taller than the other by a large margin



But still, he shouldn't get so violent.

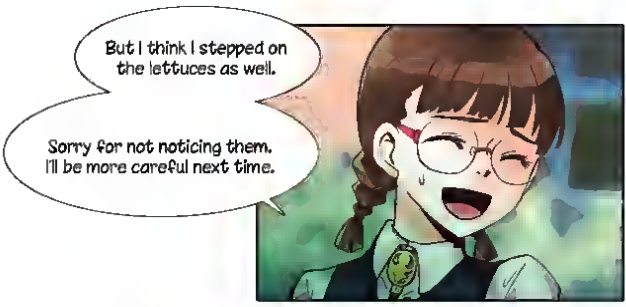
Ah ha ha, I couldn't say it because of the bad timing last time,



But I think I stepped on the lettuces as well.
Sorry for not noticing them. I'll be more careful next time.

Hmph, so she was one of them as well?
I thought that it would take a while for it to grow from seeds, so I planted seedlings.
Tsk

You're okay, but get the others to apologize.
Hmm. That's...
I did mention it to them, but they don't want to, for picking on them.
Flip

THEY WERE THE ONES WHO STOMPED ON ALL MY LETTUCES!

DO YOU KNOW HOW THEY FELT?

Hmm. I can understand why you're angry.

But I don't think that you should've picked on those girls.

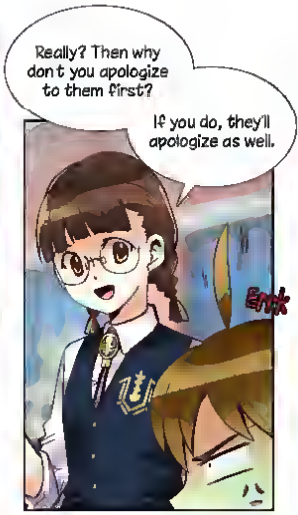
They were the ones who started it. An eye for an Eye, a tooth for a tooth, you know?

If you really think so, you should've told them about the lettuce stomping...

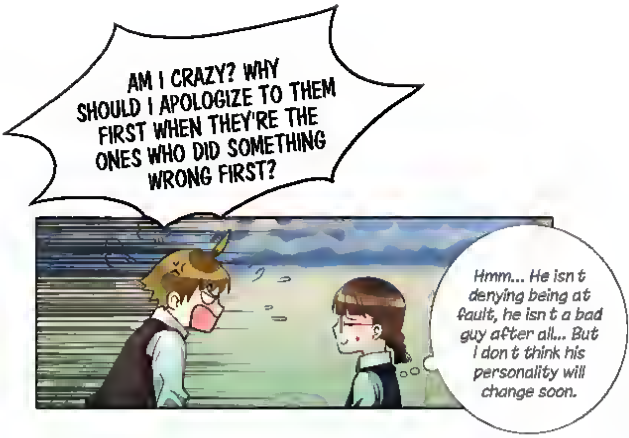
and not calling them names that didn't have anything to do with the situation.

They also said that I was annoying, you know?
I know that they were wrong too. I told them that they should apologize.
They said that they don't want to apologize for anything they've done.
So I don't think they'll do it anytime soon.

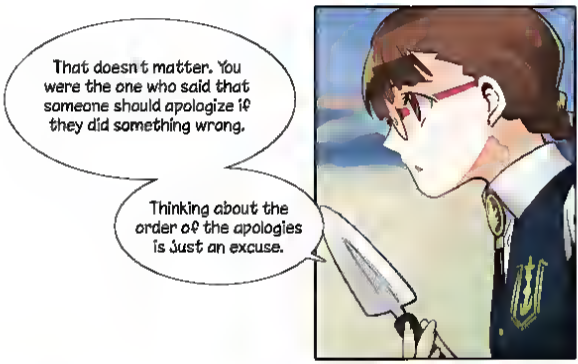
When someone does something wrong it is common courtesy to apologize for it. Why won't they just accept that and apologize?



Really? Then why don't you apologize to them first?
If you do, they'll apologize as well.
Erk



AM I CRAZY? WHY SHOULD I APOLOGIZE TO THEM FIRST WHEN THEY'RE THE ONES WHO DID SOMETHING WRONG FIRST?
Hmm... He isn't denying being at fault, he isn't a bad guy after all... But I don't think his personality will change soon.

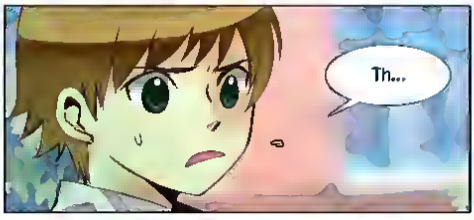


That doesn't matter. You were the one who said that someone should apologize if they did something wrong.
Thinking about the order of the apologies is just an excuse.

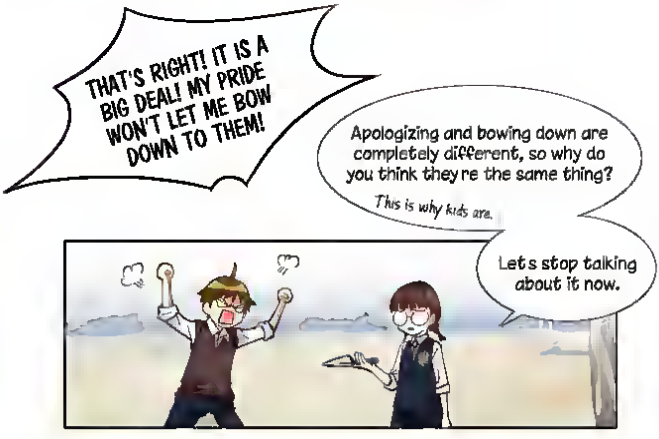
Hmp! Tsk! Pf!
Even if I apologize first,
it's not like they'll do the same.

Hm. Well, that's true, but it's not like you're going to lose anything by apologizing...
It was only 1000won for 5 lettuce seedlings

But, for you or the girls,
is apologizing such a big deal?



Th...



THAT'S RIGHT! IT IS A BIG DEAL! MY PRIDE WON'T LET ME BOW DOWN TO THEM!
Apologizing and bowing down are completely different, so why do you think they're the same thing?
This is why kids are.

Ah I cracked up laughing thanks to her.

But why did they pick someone like her as a makeup artist?
The interviewers probably didn t know right? They probably chose her because they didn t know.
What if they ask people to remove their make up during the interviews in the future, ha ha

They probably chose her for the job because they saw how good makeup artist she was after seeing her true face. After all, for people who look like that, makeup is the only way they would look good!

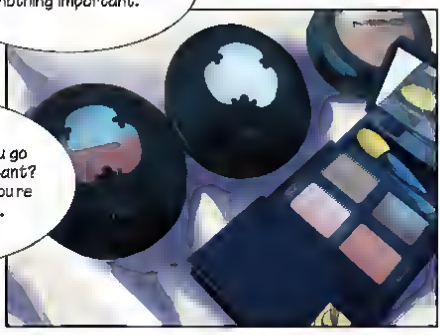
If you don't have anything important to do, why don't you take a break?

I can't, Soo Ho told me to come to the practice room today.
What for?

I'm not sure. He didn't really specify, so it's probably nothing important.

Then, why would you go if it's nothing important? Just tell him that you're resting at home.



Something like this is nothing on my face.

Sometimes, I find it amazing that you're looking after him like this.

It's not like you guys are dating or you're benefiting from doing all this.

I might be doing too much as a fan,

but if I was doing this while expecting something in return, then I couldn't be called a real fan.

Whether if you're a fan of a person, soccer team, baseball team or even movies and manhwas,

fans are happy just because there is something they can be passionate about.

You collect manhwas and spend all your money on otaku activities. It's the same thing.
I feel that your example is really ambiguous, but I'll let it slide.

You seem to be out of the shop quite often these days.

I've been working hard to cast my magic on couples for their fabulous and happy day.

So you were called out to help with weddings.

You should hire someone to look after the shop while you're out.

I did think of that, but I didn't feel safe hiring someone.

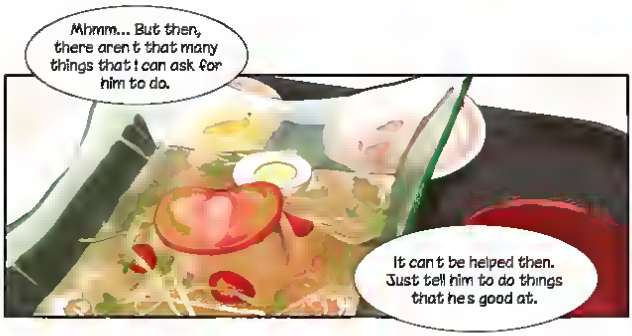
But it always turns out wrong or there's something missing.

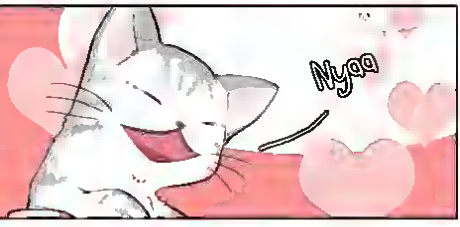
But not everyone can be perfect right?
Why don't you get him to do routine tasks?



Mhmm... But then, there aren't that many things that I can ask for him to do.
It can't be helped then. Just tell him to do things that he's good at.

Something that he's good at...

I wonder what though?



Now that I think about it, why did the boss hire someone like him?

Is he her cousin or the son of someone she knows?

No, the boss isn't the kind to choose people for their connections

There must've been something about him that she liked, but I'm not sure what it would be.

When I first met Soo Ho...

...I was exhausted for a whole bunch of reasons.

The thought of quitting circled my head over and over

Hmm, but that company's salary is too low
and there were no guarantees for a promotion
Munch

My current company has a decent salary, and if I'm careful with my budget...

But when it actually came to quitting, I was too afraid

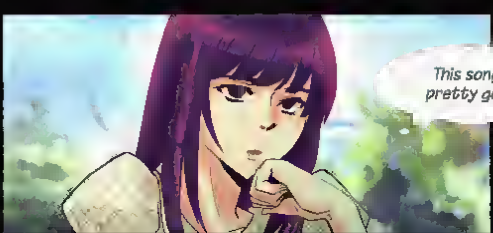
Then again, it's a weekday. Since this is near the business district,

people won't have time to listen.



What a pity.

I'm back.
Did you eat already?
Since Ari has lunch quite early, I just ate with her
Even though she's tiny, that girl eats so fast.

More than that, how is Soo Ho going?
I thought he was going to take a break, but he's back on the guitar

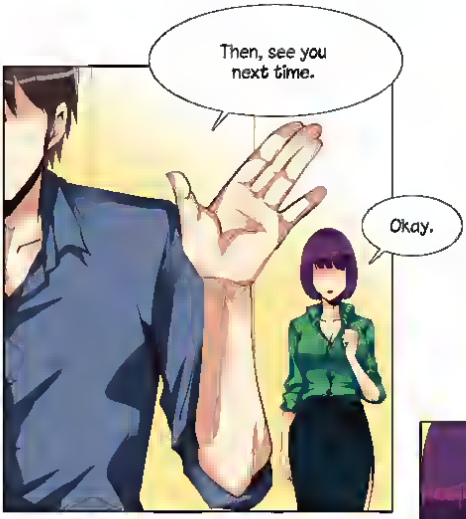
I want to stick around, but I need to go to work soon.
No Young, you should also go back in a bit. I'll be your witness and tell him that you came here today.
SHUT
It must be hard for you to work and practice.

To do the things you love, you need to either be appreciated for your talent or be rich.
If you're not either, you won't be able to make it.

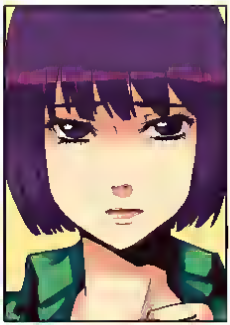
If you're talking about yourself, I disagree.
If it weren't for you, Dae Guk, the music group "Guardion" wouldn't be where it is now.
Also, you shouldn't be trashing yourself or saying that you're not talented in front of fans like me.

I hear you, Na Young. To tell the truth, I wouldn't try to make it in music if I thought that I had no talent.
But even if someone has great talent, if it isn't widely appreciated, it won't put food on the table.
Van Gogh is a fine example.

Oh, I've wasted my time babbling away.



Then, see you next time.
Okay.



Things will work out somehow.

The problem with the basement is that I can't tell the time
The current time is 11:04PM
Oh, you startled me. When did you get here?
It's a little troublesome to hear you say that after you ate the dumplings I bought you for dinner.
That was you? I thought it was Dae Guk-hyung because of your size.
I thought it was weird for him to say "please" to me.
Please have some dinner.

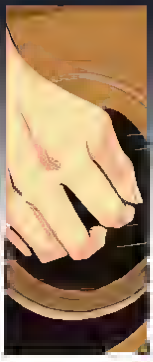
Anyways, did you need anything from me today?
I don't feel like answering that...
Ah! That's right.
I called you out to let you hear a new song.
Weren't you still working on it?
I actually wanted to finish it yesterday...
...but I didn't like this one part, so I kept revising it.
It took me longer than I thought.

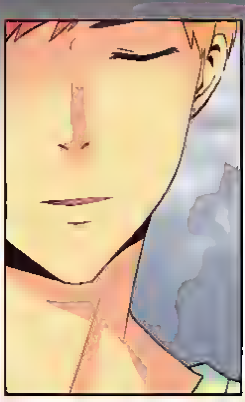
Next time, why don't you call me over when it's actually finished?
Anyways, now you can liste—
Uhm, actually...
I want to practice it one or two times, so come back in after 10 minutes. I like to aim for perfection.
Please Wait...

Dear lord, please don't test my heart!

Well...

It does feel great to hear a new song just completed.
Feels more special than other fans



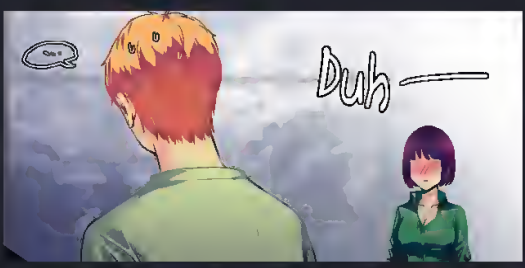


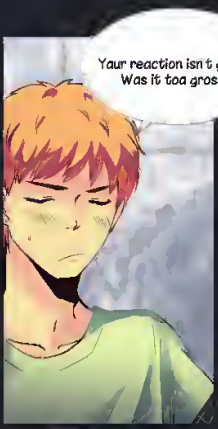
You're not modest at all, or innocent, or neat. When the girls I like are small, and act all shy and sweet.
And you get big feet and hands and you're built strong as me. Your grip in a hand-shake brings me down to my knees.

I don't know when it changed - my heart took a new view. But now my mind's been hijacked!My thoughts now dwell on you. Oh my lady...

Now I always pick out your shape while you're still far away. Your welcome voice greets my ears, and you light up my day.

Do you feel the same way? I've lost track of the time since I first felt the warmth of love I just can't deny.
Will you give me your hand? I'll hold on to you tight. Say you'll stay by my side. Say a kiss is all right.
I know you've fallen for me. Your eyes tell me it's true. Come on, whisper to me that you're in love with me, too.





Author: Yep, it was hard typing it because it was too gross
T/N: I felt the same way
F/N: I gagged while making it into a poem in English!

why don't you go out with me?
Whisper

EHH???!!!

Oh-! That reaction is better than I expected.
NO. P-PLEASE WAIT I JUST SAID EHH?!
HIS VOICE IS STILL RINGING IN MY EARS~
I know that you like to joke around. Soo Ho, but this time...
I didn't write a love song just to joke around with you.
If you're trying to say that you don't want to, then it can't be helped
OF COURSE I WANT TO!

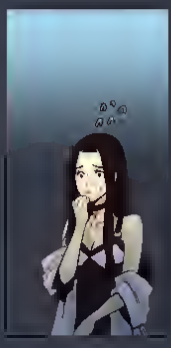
Good work today.
The next time you visit, I'll bring out some snacks for you.

Ah ha ha. Really? Then, until next time

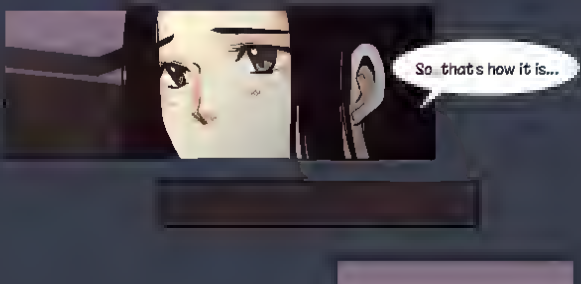
Please come as well Si Han.

Glance

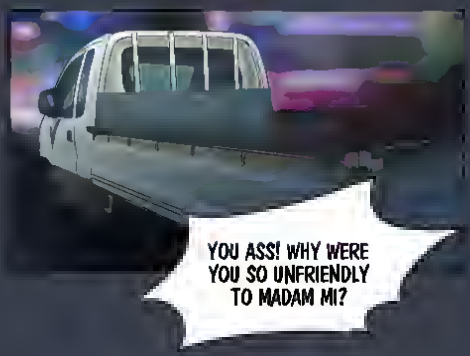
TURNS



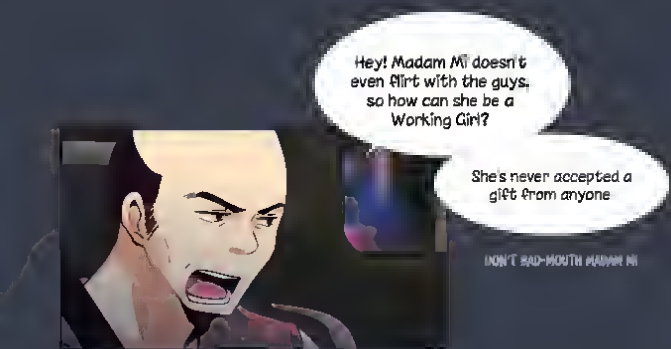
Did I do something wrong to Si Han?
Aw, don't worry about him! he's such a cold fish anyway.
Sometimes I worry about that guy - he's too serious



So... that's how it is...



PR/N: HO – OR HO WITHOUT THE APOSTOPHE, IS SHORT FOR WHORE, PROSTITUTE, BUT EVEN JUST SOMEONE WHO SLEEPS AROUND. THE TERM HAS NEGATIVE CONNOTATIONS (BUT NOT AS BAD AS MOST TERMS FOR WHORE)

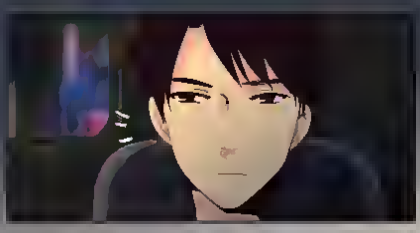


Hey! Madam Mi doesn't even flirt with the guys, so how can she be a Working Girl?
She's never accepted a gift from anyone
DON'T BAD-MOUTH MADAM MI

PR/N: WORKING GIRL – A NONJUDGMENTAL TERM FOR A PROSTITUTE. SOMEONE WHO DOESN'T THINK PROSTITUTES ARE HORRIBLE WOULD USE THIS TERM. PROSTITUTES CALL THEMSELVES WORKING GIRLS.

If she charms males with her looks to earn money, isn't that just a 'ho?
Don't be such a moron. If you think of it like that, then you gotta think all celebrities are 'hos.
But it doesn't change the fact that a father of two is charmed by another woman.
...

Is it really that bad?



This work involves dealing with people while trying to sell your products and while working, you run into all kinds of trouble.

And you run into all kinds of different people while on the job.

You kidding me? Do you want me to call off our contract?

So instead of getting used to your job, it gets even harder.

Even if you try to blow off steam by drinking with your co-workers, they're already burnt out, too.

So we get gloomier with every shot.

Oh man, that's nothing compared to what happened to me a while back.

If I try ta talk about it with my wife,

she s always unhappy and storts shauting at me.

But I knaw that my wife is working hard, taa.

She s aged so much because she married someone like me wha doesn t have a lot gaing for him.

But... but you knaw, I need to be able to relax with someone.

I get really tired and worn aut.

I'm not expecting something big...
I just need someone who will listen to me and cheer me up.
And the person who does that is Madam Mi.
But she only listens and cheers you up for the money.
HOW WOULD YOU KNOW THAT?
DO YOU EVEN KNOW WHAT MADAM MI THINKS?
I can't tell what's really on her mind, but Madam Mi's words are comforting.
만성피로
Manseongpiro
She's really blessed with that talent.
You know? Madam Mi has a lot of female fans as well.

I get that you need to wind down, but a relationship between a man and a woman isn't that simple.

An immoral relationship can sprout from a platonic one.

You don't need to worry about that

Madam Mi isn't the type to cross that line.

She's unaffected by a person's wealth, looks, education, position, manners.

So she treats everyone equally. And I'm glad that she does.

Sometimes there are those who try to get after her.

But Boss Jo is always watching out for Madam Mi.

Thanks to her, no one can go against the madam.

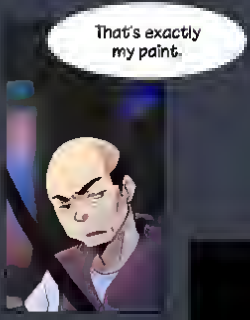
I'm not sure what you mean...

Well, she might be like that now, but people can change overnight.

So there's no guarantee that she won't change.

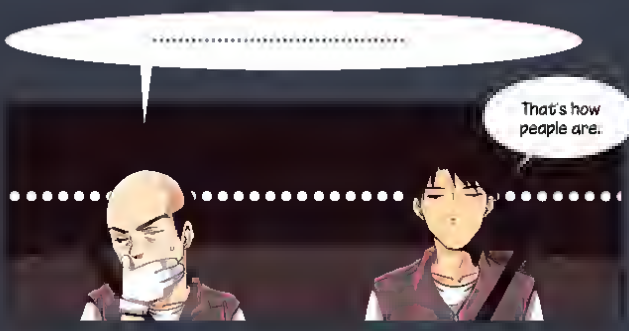
Aren't you a stubborn one?
Even office workers have secret affairs if they fall for their beautiful co-workers.
So what do you think about that, maybe I shouldn't even go near offices?
But isn't the situation different? An office and a bar have different purposes.
You should've used a better example.
What's the difference? If someone's going to have an affair, they wouldn't care if it happened at the office or a bar.
It might be at different places, but in the end, they're still having an affair.
Please don't try to justify yourself and that 'ho.
HEY! I'M TELLING YOU THAT'S NOT IT. DID YOU SUFFER SOME KIND OF EMOTIONAL TRAUMA OVER A WORKING GIRL?
Did you have to hang me by the neck? You cruel people...

I'll tell your wife on you.
WHY YOU! QUIT BEING A WISE GUY!
Shocked

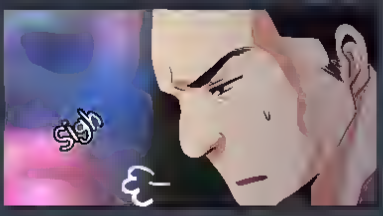


That's exactly my point.

If you're scared of your wife finding out, doesn't it mean you're feeling guilty about what you're doing?



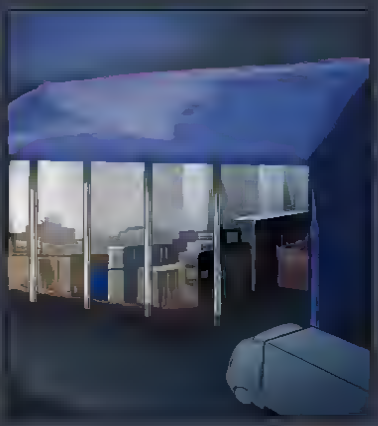
.....
That's how people are.



Whichever the case, Madam Mi is a valuable customer.

If you see some of the other customers, you'll understand how great she is.

If you act all high and mighty, I'll cut your wages.



Hey~ I heard you're now a full time worker?
What about school?

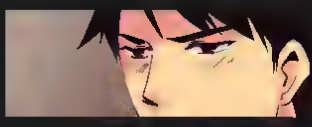
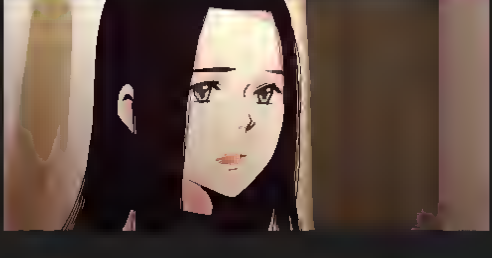
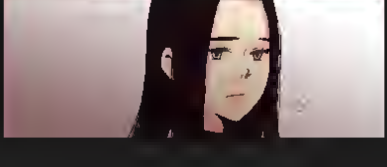
It's okay. It's perfectly understandable, if you aren't used to heavy drinking.
He's slurring his words... Looks like he's still drunk.
IT'S NOT UNDERSTANDABLE.
BEING DRUNK DOESN'T EXCUSE EVERYTHING YOU DO!
YOU'RE ONLY SUPPOSED TO DRINK WHAT YOU CAN HANDLE!
Unni, is everything okay?
Yes, it's fine. Would you bring me a glass of water?



There were all these students at university who got drunk and made fools of themselves... I thought they were such idiots.

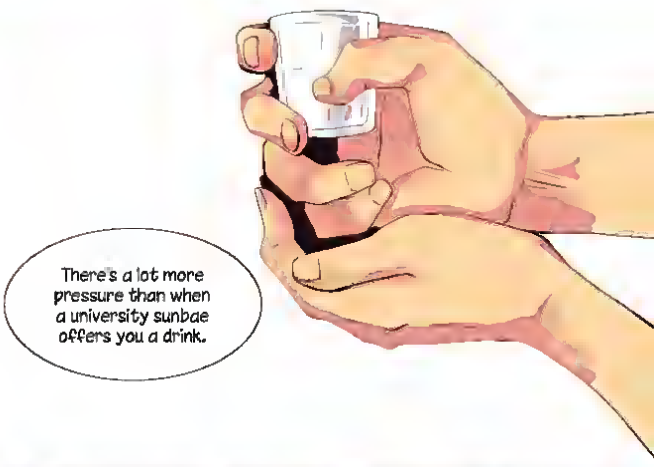
And now I've become one of those idiots myself. Dammit.





It's difficult to say no when your boss tells you to drink, isn't it?

On that one drink hinges your promotion...
...your wages...
...your livelihood. How could it be easy to refuse?



There's a lot more pressure than when a university sunbae offers you a drink.

So... You don't have to be ashamed of over-drinking in such a situation.

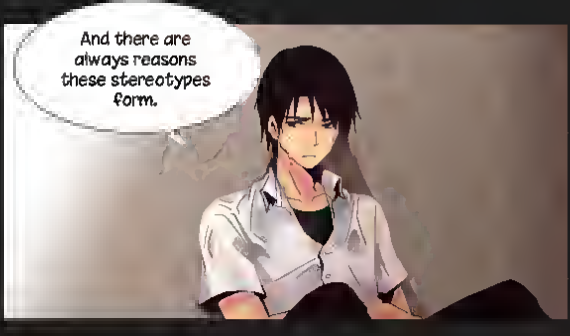
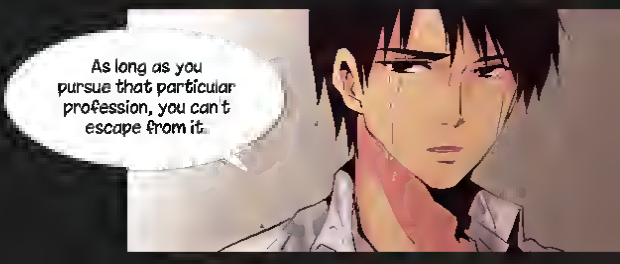
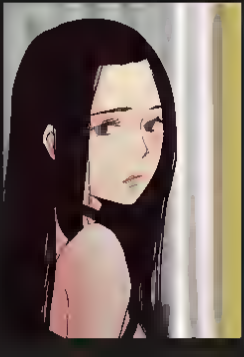
Every job has its public image



And there are always reasons these stereotypes form.



As long as you pursue that particular profession, you can't escape from it.



If you'll let me clarify some possible points of misunderstanding...

The customers call me "Madam" as a kind of nickname, nothing else.
And I wear dresses because I like fancy clothing.
It's not something you can wear everyday.
This is a perfectly decent bar, made for people who like to drink and converse.
Don't treat it the same way you'd treat a brothel.
You're selling your good looks and your smiles, not alcohol.
How is it any different from selling your body?
Whether it's a bar that sells drinks, or a restaurant that sells food, or a café that sells coffee,
a shop with employees that are lovely and kind will attract customers who want the service, not the products.
Are all those shops selling good looks and smiles, then?
This place is made so that people can converse with hostesses face-to-face.
And with alcohol in their system, customers feel like they've gotten closer to the beautiful women in front of them.

But who wants their boyfriend,

their husband,

their father,

getting close to a strange woman?

Especially when it's only a personal delusion, designed to make them open their wallets?

YOU ARE ENCOURAGING PEOPLE TO HAVE AFFAIRS.

AND YOU MAKE MONEY BY PLAYING WITH MEN'S EXPECTATIONS.

Affairs? Aren't you being extreme?

I just like listening to people talk, and I find it worthwhile cheering up people who are unhappy.

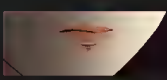
We have customers who are single or female, too!

Good intentions don't necessarily make for good results.

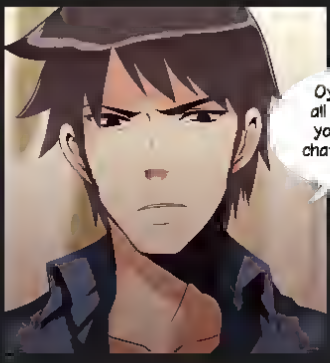
Why don't you only take the female or single customers, then?

Not that I believe you have good intentions in the first place.

A decent woman wouldn't choose to work in a bar, when there are over ten thousand jobs out there to choose from.



Argh! How'd you expect me to find you here?



Oy! You put me to all this trouble, and you're sitting here chatting away with a pretty lady?

GRAB

If you disappear again, I won't be looking for you!
Ow! Ow! Wait!

I'm exceedingly sorry for all the trouble he caused you.
I'll come here again, I promise
I see now. You really are a beautiful person.
Okay, have a safe trip home.

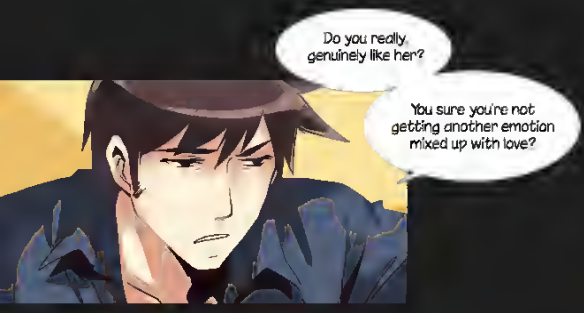
Hyung, am I an unattractive man?
Paper
You're blabbering nonsense just because you got rejected.
Well, I didn't know I was going to be rejected without as much as a hesitation.
Is she really my fan?
Dang, I wish I could get drunk from Sprite.
If you want to get drunk, you need to drink alcohol.
I'm allergic to alcohol. I get rashes when I drink.

When you got rejected by that musical actor named "Sincerity" Lim – or something,
Sorry, I'm actually a man.
you ignored your allergy and drank until you ended up getting carried away by an ambulance
How could I have fallen for a man?
Don't bring that up again! Let's forget about it. Please.
Anyway...for someone so easy to read
I still can't believe that I didn't find out about your one-sided love until now.
I almost feel betrayed



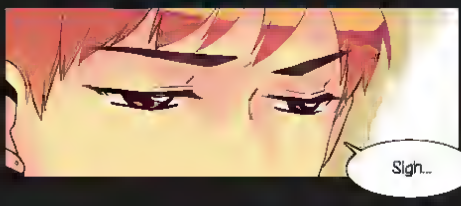
Do you really genuinely like her?
You sure you're not getting another emotion mixed up with love?

You think I'm stupid?
Sure, it's not some passionate love...

But...

Na-young truly likes my music. I really like that about her

That can't be a legitimate reaso
Then are you going to confess to every single one of your fans who likes your songs?
Well, if I were to describe this thoroughly, I would really have to go a roundabout way.

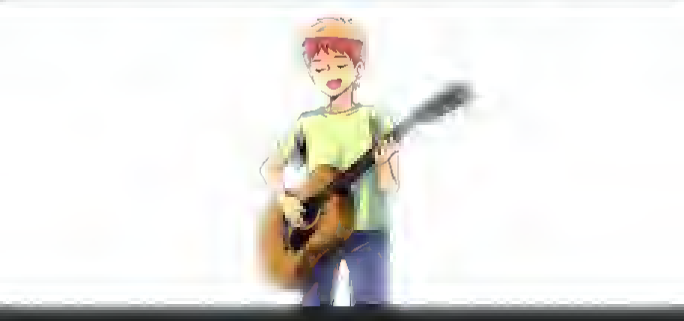


To be honest, I'm doing music because I really like it, not because I want to succeed and become famous

But if you don't succeed, you get troubled about money and, if that continues, you'll end up giving up music or making it a simple hobby.

That's why you have to practice like crazy and try to go past your limits in order to succeed.

To make an environment in which you can focus only on music



But when you keep trying and see no change and your confidence is crawling on the floor, so much crap fills your mind.

Why won't anybody realize how hard I'm trying?

Why wouldn't anybody listen to this good song?

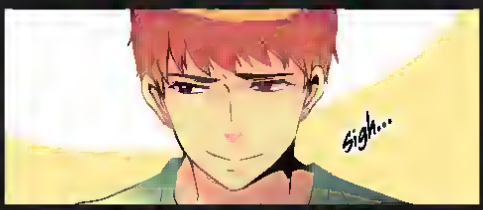
Or maybe, I'm just conceited for thinking that my songs are good,

when, in reality, it might not be any better than an ajussi completely engrossed in his own singing, screaming at the top of his lungs at a karaoke

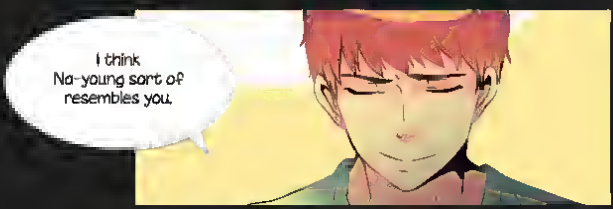
For someone like me don't you think success may have been impossible from the start?

Don't say that. The current music market might be weirdly structured, but your music is really fine.

I really mean it... I wouldn't say it otherwise.



Sigh...



I think
Na-young sort of
resembles you.

What?
I don't swing
that way...
Dead
Serious
I'm talking about
music. Music
It became awkward
because you're being
so serious.

No-young used to follow me ever since I was performing by myself on the streets.
The time and care that she devotes to me shows how much she really loves music.
Sutto, I love your music so much.
I'll play the role of 100 fans so you can't ever quit.
That admiration gives me courage to continue singing.
I'm so grateful for that, plus...
It was so lovely.

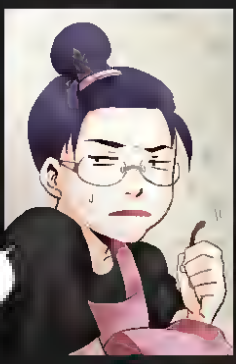
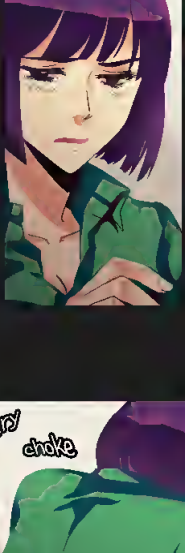
Then what?
Do you think I could hide it even after marriage?!



You're going way too far
It's not like he proposed to you so why are you mentioning marriage?

THEN ARE YOU TELLING ME TO PLAY WITH HIM A LITTLE AND JUST DUMP HIM ALONG THE WAY?
JUST BEFORE THE KISS? JUST BEFORE THE PROPOSAL?
YOU REALLY THINK THAT'S UNDER MY CONTROL?
SHAKE
SHAKE



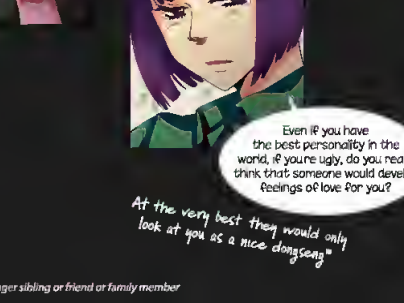
And if we do break up what am I gonna do about the awkwardness in our relationship afterwards?

I wouldn't be able to continue being his fan.

Why are you so sure that you'll break up?

SuHo did confess first

and maybe he liked another part of you regardless of your looks to begin with



In a relationship 'regardless of looks' only applies when appearance is at least average

Even if you have the best personality in the world, if you're ugly, do you really think that someone would develop feelings of love for you?

At the very best they would only look at you as a nice dongseng*

T/N. Dongseng = Younger sibling or friend or family member

Love is a disgustingly pathetic emotion for ugly people.

Of course, being ugly isn't a sin.

Liking someone is also not a sin.

But if you were to hint at that feeling to someone else even just a little.

the object of those feelings would be teased.

Hey I think that girl who looks like a fish likes you.

She's staring at you so hard.

What?

And that would naturally become the reason he despises you.

Oh

WTF.

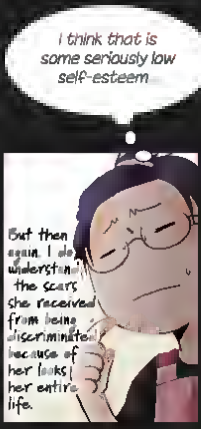
All I did was like him...

...that's all.

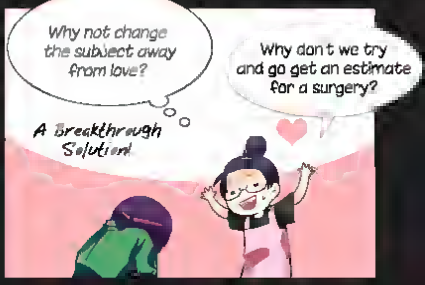
It's okay to love as a fan
Even if they were to discover your plain face, it'd end with just a bit of teasing.

But if it were discovered while you're in a relationship...

He'd definitely feel bad. He'd believe that he was cheated and lied to.
plop
plop
plop



I think that is some seriously low self-esteem
But then again, I do understand the scars she received from being discriminated because of her looks, her entire life.



Why not change the subject away from love?
Why don't we try and go get an estimate for a surgery?

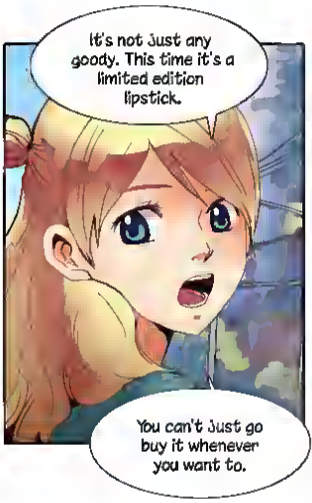
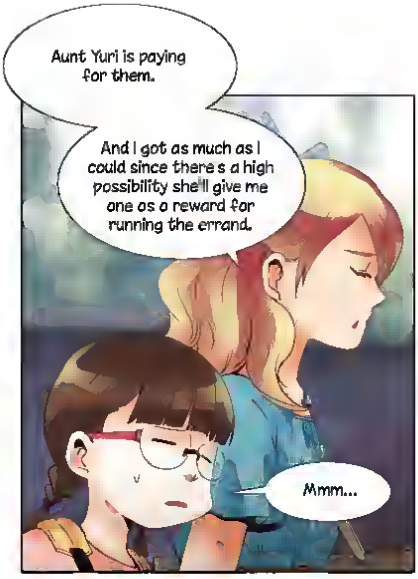
Even if you like the goodies so much...

Going so far as disguising yourself and buying all the magazines you can is ridiculous.

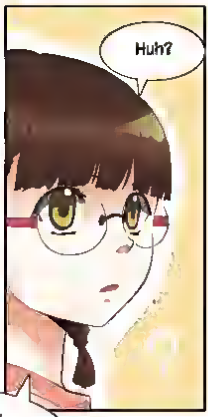


It's not just any goody. This time it's a limited edition lipstick.
You can't just go buy it whenever you want to.

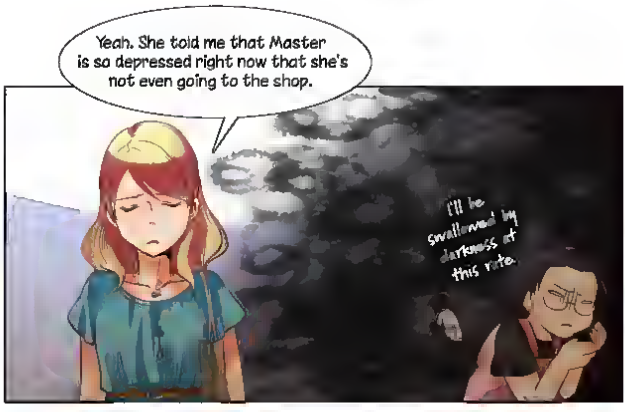
I would have bought more if they didn't limit it to one magazine per person. But, even so, I bet it'll be sold out by evening.
2 per person, that's not really a lot to buy.
But does a middle school student really need four lipsticks? And didn't you spend quite a lot?
The magazines are heavy too.



Aunt Yuri is paying for them.
And I got as much as I could since there's a high possibility she'll give me one as a reward for running the errand.
Mmm...



Wait, did you say Aunt Yuri? Don't you mean Aunt No-Young?



Yeah. She told me that Master is so depressed right now that she's not even going to the shop.
I'll be swallowed by darkness at this rate.

I don't know why she's depressed, but next to Guardian, Master loves limited-edition cosmetics
so hopefully she'll feel better.
Still, these are too heavy. Are you gonna take responsibility if I don't get taller?
Hmm. Master's shop is close by,
should we just leave the magazines and take the lipsticks?
Huh? You said Aunt NaYoung wasn't at the shop.
That's okay; the back door has a combination lock.

King SeJong* would be so aggrovated to hear that...
King SeJong made writing, not speech.
Same diff.

You should use "da" or "yo", not "da" and "yo".
Well, even this is not completely accurate...
It should be better than using them both at once
I've seen people learn Korean in a different dialect, but I've never seen anybody who learned it so carelessly.

You could wait in the shade or something.
